## Genres/Styles

In your Writers Notebook, you can choose the topics you would like to write about, and also which style of writing you would like to use.

For example, you might look through your pictures in your Digital Writers Notebook and decide that a photo of an island will inspire your next piece of writing. Then you can use the list below to help decide which sort of style to write in (such as an information report about a certain island, or a narrative about someone being lost on an island, or even a true story about a holiday of yours to an island). Here are some ideas to help you decide what sort of writing styles you could use...
