Should children do **more homework?**

Do children have **too much** homework?

**YOUR TASK** is to write **to your principal** and **explain** why you should have more or less homework. Make some suggestions about how the way you do homework could be changed or improved.

You need to tell your principal:

- your **reasons** for thinking the way that you do
- **how** you feel about homework
- **why** you feel that way.
